0.000%

Returns compound daily after external flows. Costs are already included in returns.
Core SPY/RSP combines both ETFs. Satellite / other is the balancing P&L after core and costs, including unclassified effects; it is not independently measured trade P&L.
FX spread is estimated against the daily rate and can include intraday rate movement.
Drawdowns use this window's peak, including opening value. Missing risk days are excluded.
Windows are limited to available history; coverage dates above are authoritative.
